## April is National Donate Life Month

Did you know you could save EIGHT lives every time you ask one person, "Do you wish to have your name placed in a registry as a potential organ donor?" April is National Donate Life Month that focuses on organ and tissue donation awareness. You can help by placing information about signing up to be an organ and tissue donor, organ donor license plates, and any posters you may have out in visible areas. If you need extra supplies listed in the box on your left, please contact the Organ Donor Program.

Missouri license offices are the organ donor registry's most valuable resource. The local license offices

provide 10,000 new or updated registrants to the registry each week. That means over 520,000 of your transactions reflect a "yes" to the registry for the first time or updates an original record. This is an outstanding number and shows how important it is to ask the question, "Do you wish to have your name placed in a registry as a potential organ donor?"

Please help promote National Donate Life Month by placing brochures, license plates, and posters where they are clearly visible for patrons. Don't forget, they can't say YES if they are not asked.

### A Former License Fee Agent's Story — Faith Anderson

*"Matthew Douglas Anderson (or as he preferred, Matt Anderson) was the youngest of three children, he was born on July 18, 1986. He was extremely funny, good-looking, athletic, a good student, very easy going, hard-working, and a true and loyal friend. He always came to the aid of the less fortunate, stuck up for the under-dog, and constantly wanted to help people.*

*Matt passed away at the University of Missouri Hospital and Clinics in Columbia, Missouri, on October 28, 1999, at the age of 13. He died due to a brain-stem injury from an accidental pre-hunting incident, which occurred the evening before.*

*Upon arrival at the hospital, I was informed that Matt had very little brain activity. I was then asked if I would be interested in donating his organs. I was an adamant supporter of organ donation, a frequent blood donor, and was no stranger to the Missouri Organ Donor Program and Registry. I had been the fee agent for the Moniteau County License Bureau since 1993, so I was familiar with the donor registration program.*

*I was very proud to help with this worthy cause. To say the least, though, I never thought it could happen to my family or me. I never imagined that one day I would have to make that kind of decision about my own child." . . .*

Faith Anderson shares her complete story in the 2006 Annual Report. Each office has received two copies. We encourage you to read the complete story in the annual report or at <http://www.dhss.mo.gov/organdonor/2006AnnualReport.pdf>.

## Quarterly Ranked Registry Enrollment Percentage (October - December 2006)

Office Name	%	Office Name	%	Office Name	%
